

# High Performance in the Boardroom

The report captures a dynamic debate amongst 30+ leading board chairs and select executives, and spotlights today's most critical emerging issues. Participants represent a diverse range of industries, varied in size and region, and their views and priorities reflect that. They discuss individual approaches to foundational areas of governance, essential to board effectiveness.

## Authentic, unvarnished, multi-faceted,

The report challenges conventional thinking and captures the obligation of all directors to engage in continuous improvement.
